Three Local Firms Unite to Form Midsouth Consulting Group

FOR IMMEDIATE RELEASE

Nashville, TN—Wednesday, April 16, 2008: Three Nashville firms that provide workforce administration and support services to employers—Midsouth Pension Consultants, Midsouth Payroll Solutions and Midsouth HR—have joined forces to form Midsouth Consulting Group, General Partner and CEO Jason Carpenter announced today. The company recently relocated to new offices in Brentwood.

Carpenter says that the consolidation was a logical response to needs he observed in the marketplace. “I watched my clients struggle to shoulder burdens created by gaps in the capabilities of their administrative service providers,” said Carpenter, who has been the driving force behind the company’s transformation from a boutique pension consulting firm to a provider of integrated workforce management and administrative solutions. “I knew that offering an integrated package of services would fill those gaps and make life easier for employers.”

This is the company’s second growth-related relocation since Midsouth Pension Consultants was founded in 1976. In 2002, the company moved from Nashville’s West End to a suite of offices on Armory Drive. “Once again we simply outgrew our space,” said Carpenter. “We are excited about serving clients from our spacious new location.”

Midsouth Consulting Group helps employers and the advisors who guide them reap the benefits of professional administrative support at a fraction of the cost. The company's 31 employees provide payroll processing, retirement plan administration and human resources outsourcing solutions to more than 800 clients nationwide from headquarters at 7102 Commerce Way Suite 101 in Brentwood.
